**Teens Against Graffiti Program** - Leslie Johnson and Shelly Waite, 4th District Juvenile Court
Teens Against Graffiti Program provides labor force of at-risk youth to clean graffiti. Cities may request the service, but are required to purchase cleaning supplies. This approach allows youth to give back to their community, learn life skills, and take ownership.

**Tobacco to 21** - Marc Watterson, Utah American Heart Association
Reports state that E-cigarettes are becoming an epidemic as 40% of middle school to high school age youth are using on a regular basis. The intent of the Tobacco to 21 ordinance is to increase the age limit to purchase tobacco products in an effort to keep them out of schools. Tobacco to 21 may be adopted by cities and counties as Cedar Hills and Lehi has recently done.
