

DRAFT

Annual Action Plan 2023

UTAH COUNTY **Community
Development** BLOCK GRANT

DRAFT

Executive Summary

AP-05 Executive Summary - 91.200(c), 91.220(b)

1. Introduction

Lehi City is an entitlement jurisdiction that receives an annual allocation of Community Development Block Grant (CDBG) funds from the U.S. Dept of Housing and Urban Development (HUD) for community development and affordable housing activities. In alignment with Consolidated Plan priorities, the City will use the funds for a public infrastructure project and to provide public services to LMI residents.

2. Summarize the objectives and outcomes identified in the Plan

Lehi City will address the Public Infrastructure and Neighborhood Improvement objective outlined in the Consolidated Plan by addressing infrastructure priorities in a residential area. This project will consist of installation of curb and gutter, sidewalk, and pavement on the west side of 200 W.

The City will address the Public Services objective outlined in the Consolidated Plan by funding mental health services for child victims of abuse, as well as equipment for community rooms dedicated to disabled adults in the Holbrook Center.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

At the end of each program year, the City evaluates its progress in meeting program objectives. This information is presented to citizens in the form of a Consolidated Annual Performance and Evaluation Report (CAPER). CAPERs for past program years can be found at www.mountainland.org/lehicdbg.

Because of the success of past infrastructure projects in residential LMI neighborhoods, and the critical need for therapy services to abused children, similar projects will be undertaken during the FY23 year, in addition to funding for services for disabled individuals.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

Section PR-10 provides a detailed summary of the citizen participation and consultation process used to develop the Consolidated Plan. Lehi City sought input from local citizens, impacted populations, service providers, local government officials and staff, business leaders, and nonprofit and for-profit

DRAFT

organizations involved in housing and community development activities. A public hearing and key stakeholder meetings were held to gather input, and a needs survey was distributed throughout the City and region to residents, elected officials, service providers, and business and civic leaders.

In preparation of this Annual Action Plan, Lehi City again sought input from stakeholders and held a public hearing to gather input from residents, and a draft plan was made available for public comment.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

No public comments were received

6. Summary of comments or views not accepted and the reasons for not accepting them

DRAFT

AP-10 Consultation - 91.100, 91.200(b), 91.215(I)

1. Introduction

CDBG staff representing Lehi City, Provo City, Orem City, and Utah County engaged in a collaborative effort to consult with representatives of low-income neighborhoods, non-profit and for-profit housing developers, service providers, public service agencies, homeless service providers, faith-based organizations, supportive housing and service providers, community stakeholders, community partners, business leaders, and beneficiaries of entitlement programs to inform and develop the priorities and strategies contained within the Consolidated Plan. Additional input from these groups is sought each year during preparation of the Annual Action Plan.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I)).

In preparing the Program Year 2023 Annual Action Plan, CDBG staff held consultations with various organizations which provide services throughout Utah County, including local leaders, housing providers, and service providers. Some of these consultations are informal discussions held on an ongoing basis throughout the year.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

Lehi City falls under the Mountainland Continuum of Care, which works to prevent homelessness in Utah, Wasatch, and Summit Counties. The COC is a coalition of local non-profit and government agencies that work together to find solutions to the area's housing needs, including temporary emergency shelter and affordable homeownership. MAG staff attend the COC meetings, participate on the Execute Committee and State funding Committee, and receive monthly communication from the agencies.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

No Utah Valley Consortium members receive ESG funds.

AP-12 Participation - 91.401, 91.105, 91.200(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

Pursuant to the CDBG program regulations, Lehi City is required to prepare a Citizen Participation Plan to establish policies and procedures for the citizen participation in the development of the CDBG Annual Action Plan. Per the CPP, citizens were given the opportunity to provide comment directly to CDBG staff and at a public meeting where potential projects for the coming year were discussed. The public meeting will occur Tuesday, May 30th at 4:30 at Mountainland Association of Governments at 586 E 800 N in Orem.

DRAFT

Expected Resources

AP-15 Expected Resources - 91.420(b), 91.220(c)(1,2)

Introduction

Lehi City will receive an FY23 allocation of \$333,305.

Anticipated Resources

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Remainder of ConPlan \$	Narrative Description
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$		
CDBG	public - federal	Acquisition Admin and Planning Economic Development Housing Public Improvements Public Services	333,305	0	25,983.72	359,288.72	593,695	Lehi City will receive an FY23 allocation of \$333,305. Future year expected funding is based upon this annual allocation.

Table 1 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how

DRAFT

matching requirements will be satisfied

Leverage will come from additional City resources that will be used to improve neighborhood infrastructure. Lehi City will provide the necessary project management for the project. With non-city projects, such as grants awarded to sub-recipients, the City expects grant sub-recipients to leverage additional fund contributions from both private and public organizations when possible.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

At this time, there is no plan to use publicly owned land or property within Lehi City to address needs identified in the plan.

DRAFT

AP-35 Projects - 91.420, 91.220(d)

Introduction

This section details the projects proposed to be funded in the FY23 program year.

Pre-Award Costs: Should Lehi City's CDBG Grant Agreement with HUD be finalized after the beginning of the Program Year (July 1, 2023), which could cause award recipients to delay beginning their proposed activities, the City will authorize award recipients to begin delivery of their services and other project activities, related to and included in this 2023 AAP, beginning July 1, 2023. These costs are necessary for efficient and timely performance of all proposed FY2023 projects. All other requirements for the expenditure of CDBG before Grant Agreements are signed will be completed.

As authorized by 24 CFR 570.200(h) and 24 CFR 92.212(b), the City plans to expend pre-award costs prior to the execution of the 2023 CDBG Investment Partnerships Agreement. The use of these funds will not affect future grants.

#	Project Name
1	MAG Program Administration
2	Lehi - Engineering
3	The Holbrook Center - Services
4	UCCJC - Lehi Therapy

Table 3 – Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

These allocation priorities were based on project readiness, need, availability of resources, and capacity. Shortage of funding is an ongoing obstacle to addressing underserved needs.

DRAFT

AP-50 Geographic Distribution - 91.420, 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Infrastructure improvements will be undertaken in downtown Lehi, in a residential neighborhood. Mental health services will be provided at the Children's Justice Center in Provo and American Fork, UT. The Holbrook Center will provide services at their location in Lehi. Lehi CDBG funds will only be used for services provided to Lehi residents.

Geographic Distribution

Target Area	Percentage of Funds

Table 4 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

No geographic areas have been targeted for allocation priority during this 5-year Consolidated Plan period.

Discussion

Lehi CDBG funds will prioritize Lehi residents.

DRAFT

DRAFT

AP-75 Barriers to affordable housing -91.420, 91.220(j)

Introduction

As discussed in sections MA-40 and SP-55, the most critical public policy barriers (direct and indirect) to the production and preservation of affordable housing include the following:

1. Supply of rental units for large families
2. Limited land for development
3. Construction costs
4. Zoning
5. Hispanic and other minority mortgage application denial rates
6. Continued high rents and sales prices

DRAFT

Supply chain disruptions caused by Covid-19 have increased construction costs, putting even more pressure on an already competitive housing market.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

Lehi City has been proactive in supporting affordable housing. In the last few years the city has added several zones to encourage multi-family and affordable housing, allow higher density, promote transit oriented developments, which provides more convenient access to alternative modes of transit for LMI households, and allow accessory apartments in all single-family zones in the city. Additionally, the City is using CDBG funds for infrastructure improvements in its historic downtown neighborhood, helping to improve and preserve some of its affordable housing stock.

Discussion

Lehi City continues to pursue policies and actions that support affordable housing for its residents.

DRAFT

AP-85 Other Actions - 91.420, 91.220(k)

Introduction

This section will identify other actions to be taken in the FY2023 CDBG Program

Actions planned to address obstacles to meeting underserved needs

Lehi City has been an active participant in many regional service delivery organizations. The City will continue to support and participate in organizations that provide services to Lehi City residents in need. Lehi City, through its regional participation and contributions to regional service agencies, will engage with critical needs service providers to assist them in extending their level of involvement in providing services in Lehi City.

Actions planned to foster and maintain affordable housing

As the community continues to grow and diversify its economy, Lehi City is working to increase the supply of affordable workforce housing to support the growing number of retail and service jobs that support the higher wage technical jobs that Lehi City is attracting from international employers. Lehi is a participant in the Utah Valley HOME consortium which provides funding to the Utah County Housing Authority to support its homeowner rehabilitation loan program which is available to homeowners in Lehi. Additionally, funding for infrastructure improvements in residential areas will help preserve a lower-income neighborhood.

Actions planned to reduce lead-based paint hazards

In the Mountainland Region, lead-based paint testing is available through the Utah Valley Consortium of Cities and County. Equipment for lead-based paint testing was purchased with CDBG Small Cities funding, and the Consortium works closely with the Housing Authority of Utah County.

Mountainland Association of Governments has recently taken over responsibility for weatherization and repair services to pre-1978 units occupied by low- and moderate-income residents, and lead-based paint testing is completed as a precaution.

The Utah County Health and Justice Center sells a crayon for \$2.00 that when rubbed on the paint will indicate if lead is present. The crayon can be purchased at the Environmental Health Department, Suite 2600 151 S. University Avenue, Provo, Utah 84601. In the event of a positive result, the county will provide instruction about where one can go to receive more information and assistance. Utah County does not currently offer removal or rehabilitation services.

Another lead-based paint resource is the Utah Department of Environmental Quality. They provide

DRAFT

information about Utah’s Lead-Based Paint Program, access to information about prevention of lead-based paint poisoning, and contact information for agencies and contractors that are certified in safe removal or rehabilitation of lead-based paint.

Any future grantees receiving CDBG funds to purchase and renovate properties are responsible for testing and mitigating lead hazards within the property.

Actions planned to reduce the number of poverty-level families

The City embraces an overall strategic objective of raising the living standards of Lehi City residents who want to work, by offering good-paying jobs in a variety of sectors. This strategic approach has paid off with many new jobs that pay more than minimum wages. The higher-paying jobs have spun off many service employment opportunities that have been filled by Lehi City residents. Currently this approach to poverty eradication has resulted in creating opportunities for both long term Lehi City residents and new community members being able to achieve a living standard that is hard to match in other communities. Not every Lehi City resident has the education and qualifications to fill a high-tech job but the high-tech jobs also produce new business opportunities that many less-educated Lehi City residents are able to fill. Additionally, Lehi City is pursuing additional avenues for improving the economic status of residents through programs that create and retain jobs and provide public services that support vulnerable populations.

Actions planned to develop institutional structure

The consultation process employed in the Consolidated Plan has resulted in opening the dialogue with service and housing providers to promote a more Lehi centered approach to providing LMI households with more local options for obtaining services. As the community continues to grow and its entitlement allotment of CDBG funds increases, there will be new opportunities to support a more locally based service delivery system for Lehi City residents.

Actions planned to enhance coordination between public and private housing and social service agencies

Lehi City will continue to participate in regional service delivery configurations. That participation will include an effort to engage developers and affordable housing providers in identifying opportunities for affordable housing development. The Utah County communities have established several innovative approaches to working regionally. The HOME Consortium is administered by the Provo Redevelopment Authority, and while the Redevelopment Authority is a Provo City agency, Provo has been willing to support the regional approach by allowing Provo City resources to support the Valley HOME Consortium. United Way of Utah County provides administrative support and oversight for the Continuum of Care. Again, while the United Way Agency was originally formed to serve Provo, it has shared its administrative

DRAFT

capacity to provide the institutional support for the Mountainland Continuum of Care.

Discussion

Lehi City and CDBG staff continue engagement with service agencies and other HUD entitlements to establish a spectrum of services that serve the most needy populations.

DRAFT

Program Specific Requirements

AP-90 Program Specific Requirements - 91.420, 91.220(I)(1,2,4)

Introduction

Program specific requirements

Community Development Block Grant Program (CDBG)

Reference 24 CFR 91.220(I)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	0
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	0
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	0
5. The amount of income from float-funded activities	0
Total Program Income:	0

Other CDBG Requirements

1. The amount of urgent need activities	0
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan.	100.00%

DRAFT

Discussion

The Lehi City program is committed to using at least 70% of funds to benefit persons of low- and moderate-income. For FY23, 100% of funds will be used to benefit low- and moderate-income persons.
